PETITION TO REVIVE UNINTENTIONALLY ABANDONED APPLICATION
PURSUANT TO 37 C.F.R. 1.137(b)

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

Applicants respectfully request that the U.S. Patent and Trademark Office revive the above-referenced U.S. patent application, unintentionally abandoned for failure to properly respond to the Office Action mailed July 29, 2003. The entire delay in filing the required reply from the due date of the reply to until the filing of this petition was unintentional.

Applicants responded on January 29, 2004 to a Restriction Requirement mailed July 29, 2003 (Exhibit A). Applicants received a Notice of Abandonment mailed February 20, 2004 (Exhibit B), which was followed by a Notice that the abandonment had been withdrawn by the Office (Exhibit C). Applicants then received a Notice that their amendments were not in compliance with the requirements of the AIPA, mailed July 6, 2004 (Exhibit D), and a second Notice of Abandonment mailed September 9, 2004 (Exhibit E).

Applicants undersigned representative believed that the Notice of non-compliant amendment was duly filed prior to the deadline date (August 6, 2004), based on an electronic copy of the response prepared in the proper time frame (July 27, 2004), and that the second Notice of Abandonment would be rescinded as was the first. However, reverting the file

01/10/2005 MAHME1 00000039 132490 09665358

01 FC:2453 750.00 DA

Applicants representative discovered that Applicants' copy of the response has gone astray and cannot be found after a diligent search. In addition, the return postcard sent with each response has not been received from the Patent Office.

Thus, Applicants respectfully petition the Patent and Trademark Office to revive this unintentionally-abandoned application. Applicants submit herewith a new version of their response.

By the signature of the undersigned the Patent and Trademark Office is authorized to charge Deposit Account 13-2490 for the full amount of the petition fee. Applicants qualify for Small Entity status.

If the Examiner in charge of this application believes it to be helpful, he is invited to contact Applicants' undersigned representative by telephone at (312) 913-0001.

Respectfully submitted,
McDonnell Boehnen Hulbert & Berghoff

Commissioner for Patents

The reply filed on 2/02/04 is not fully responsive to the prior Office actions of 7/29/03 (paper #10) and 9/30/02 (paper #7) because of non-compliance with the AIPA rules under 37 CFR 1.121(a) and (b) for the proper procedure for submitting amendments to the specification or the claims after March 1, 2001. For example, replacement paragraphs/claims are now required under 37 CFR 1.121(a) or (b) illustrating all changes relative to the prior paragraph/claims previously pending. As previously made of record, the 11/07/02 amendment (amdt B) to the specification in response to the required compliance to the Sequence Rules was not entered because *replacement paragraphs* were not submitted, and therefore, remains in non-compliance with the new AIPA Rules, and the Sequence Rules. However, again note that the paper copy for the Raw Sequence Listing (filed 11/07/02) was entered. It is further suggested that cancellation of nonelected claims 1-3 would help place this application in condition for allowance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Robert Hayes whose telephone number is (571) 272-0885. The examiner can normally be reached on Monday through Thursday, and alternate Fridays, from 8:30 AM to 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Brenda Brumback, can be reached on (571) 272-0961. The fax phone number for this Group is (703) 872-9306.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment of this application.
